

ADDITIONAL GALLERY OPTIONS

In addition to free access to the History Center galleries during your event, we also offer several options to help your guests get the most out of our exhibits. Whether you choose a fully guided tour or trained gallery facilitators your guests will love their experience at the Tampa Bay History Center!

GALLERY FACILITATORS

ANY GROUP SIZE

Our most popular choice for evening events, gallery facilitators are a flexible and fun option for your guests. Trained docents are stationed throughout our galleries for up to two hours to interact with guests, answer questions, & provide additional hands-on artifact experiences. Gallery facilitators allow your guests to visit the exhibits at their own pace while still enjoying the benefits of a knowledgeable and friendly guide.

GUIDED TOURS

10 - 100 GUESTS

A more structured option, our Guided Tours make sure that your guests don't miss a thing! With one guide for every 15-20 people to make sure that no one is straining to hear or left behind, our trained docents show your guests through our galleries and introduce them to facts and stories not included in the exhibits. Our guided tours last just over an hour and must have a pre-scheduled start and end time.
